

PNC Quick Pick (1/2)

MMC starts to provide a list of frequently ordered PNCs to select parts more quickly.

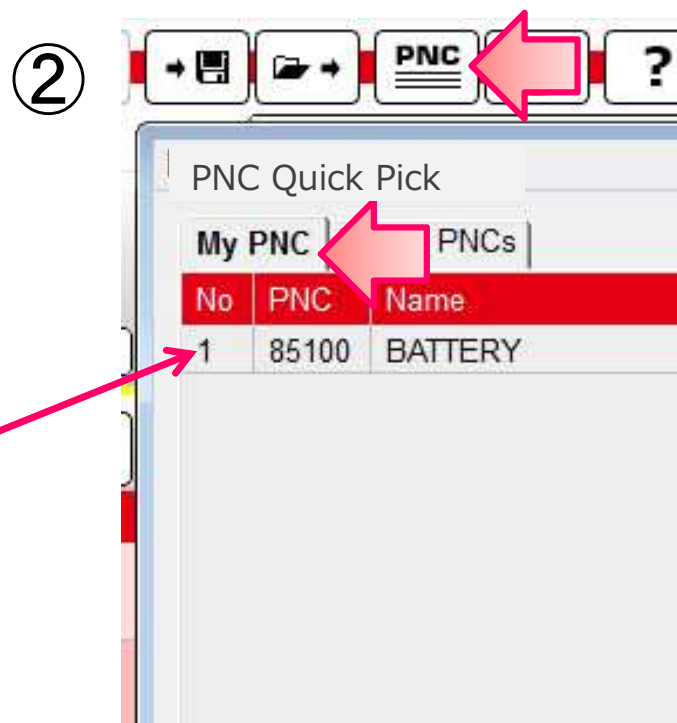

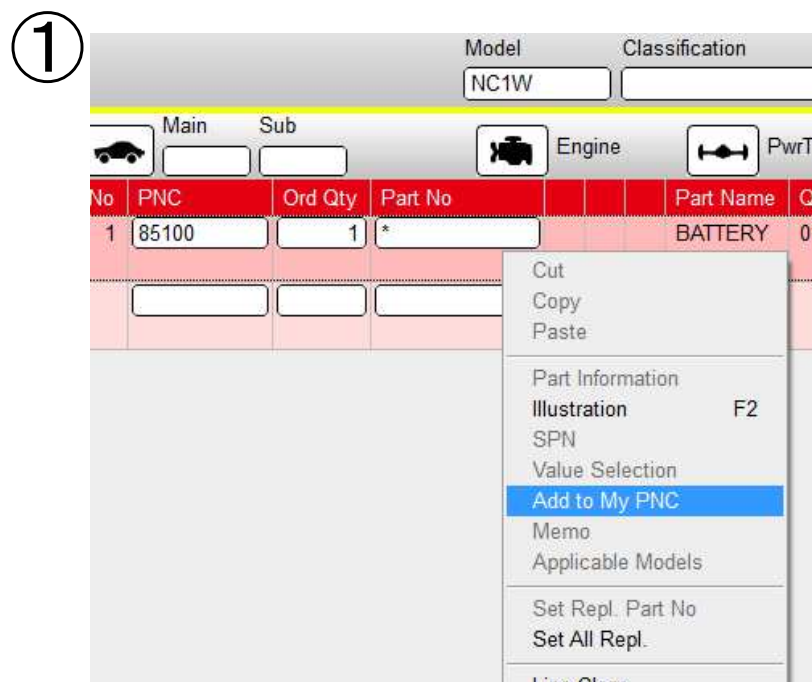

When you click on the *PNC icon, "PNC Quick Pick" window is shown.
 You can see the frequent PNC list with "Preset PNC" tab.
 Please select the required PNC(s) and click the "Apply" button.

*To activate the PNC icon, please input vehicle data first.

PNC Quick Pick (2/2)

You can also create your own favorite PNC lists.

To create your own PNC lists, right click on the line of any PNC and choose "Add to My PNC".

In the "My PNC" tab, registered PNCs are shown. Then you can select the PNC quickly from next time.
