1 PARTSLINK24 ORDERS TAB IN ASA

The **partslink24 orders** tab is available for ASA users in countries where Mitsubishi brand is supported in partslink24.

This function allows you to process the parts orders from your partslink24 customers within ASA. If connection is set, a processed order can be forwarded to your DMS. (Please refer to the "Setting Connections" in CAPS Online Help)

Note: If you prefer to process your orders in partslink24, access partslink24 through the following menu paths: **Help -> partslink24**

2 ASA FUNCTIONS FOR PARTSLINK24 ORDERS

This chapter explains how to validate and modify parts in the partslink24 order using ASA catalog.

Note: Please check partslink24's Received orders/offer requests for the basic functions of partslink24 orders.

Partslink24's Received orders/offer requests is displayed in this tab.
